H.I.T. Foundation

Home Is The Foundation

H.I.T. Foundation is a 501c3 not-for-profit organization serving low-income residents of Preble County Ohio. Our three programs are Affordable Housing, Senior Home Repair, and Homeless Services.

Senior Home Repair

H.I.T. Foundation is committed to keeping senior adults in their own homes for as long as possible by providing major home repairs, yard cleanups, minor handyman services and accessibility modifications.

Preble County homeowners age 60 or over with qualifying income may be eligible for the services mentioned above. Contact our office for more info, or to get an application.

Affordable Housing

H.I.T. Foundation owns and manages 59 rental properties throughout Preble County. The goal of affordable housing is to serve low-income households that meet attainable earning qualifications.

Our rental rates are below fair market value and we maintain our commitment to quality property management and support services. Please contact our office if you would like an application.

Homeless Services

If you or someone you know is experiencing homelessness, please call (937)-472-0500 ext. 422

H.I.T. foundation operates Preble County's emergency homeless shelter, which is staffed 24 hours a day, 7 days a week. The shelter serves Preble County residents as a temporary housing facility for clients experiencing a housing crisis. Clients are served 3 meals per day, and meet regularly with shelter staff and a case manager to work toward their housing goals. Clients are also expected to follow a daily schedule and must agree to adhere to shelter rules.

Homeless Services also operates the **Homeless Crisis Response Program (HCRP)**, which can provide assistance with rent payment and housing placement for those at risk of or experiencing homelessness. For more info on these services, contact the HCRP Case Manager at **(937)-472-0500 ext. 425**

Why:

Nationally, 50% of foster families quit fostering within their first year. With a dedicated Care Community's support, 90% of foster families continue to foster well beyond the first year. Locally, in August of 2021, 73% of kids in paid placements were placed outside of Preble County. This causes additional trauma to the kids and places a cost burden on the County.

family unity is priority, removal is a last resort

What:

Care Communities are groups of 4-8 people within a FAM who wrap around a local foster or kinship family with weekly prayer, delivered meals, child care, and other services to help meet their needs.

MIAMI VALLEY YOUTH FOR CHRIST

125 E. Main Street, Eaton | Jake Robinson: P.C. Ministry Director | 937.607.7374 | jake@yfcmiamivalley.org

ministry at a glance in Preble County

Our Mission - Youth for Christ reaches young people everywhere, working together with the local church and other like-minded partners, to raise up life-long followers of Jesus...

The Mission Field

- More than 70% of all teenagers are not involved in a church and are not receiving any religious teaching at home.
- This decline in moral teaching and deterioration of the family unit has produced an increase of risky behaviors, hopelessness, self-mutilation, and suicide.

YFC Programs

- **Campus Life:** High school clubs & activities
- **Campus Life M:** Middle school clubs
- **Core Club:** Teen to teen outreach

By providing a positive, Christian influence through weekly club meetings, small groups, one-on-one appointments, trips and events, we have a unique opportunity to meet students where they are in life, walk alongside them and impact their lives, in hopes that they will make an informed decision to become a lifelong follower of Christ.

YFC's Game Plan

YFC staff and volunteers regularly perform the following actions to impact teenagers:

- **YFC leaders go where kids are:** Lunch rooms, sporting events, skate parks, coffee shops. YFC ministry leaders go to all kinds of places where kids are, to meet teenagers and enter into relationships with them.
- **YFC leaders share life with kids:** Before some teens even go to a meeting or event with YFC, you'll see them hanging out with YFC leaders, playing laser tag, or going out for ice cream, or just meeting in a coffee shop to talk. In fact, sometimes we've had kids come to Christ before they have ever been to a meeting or event with YFC.
- **YFC leaders conduct meetings and events:** YFC holds in-school meetings, evening club meetings, small group meetings and core team meetings, all mixed in with special events.
- **YFC leaders lead retreats, trips, and camps:** Sometimes these are the places where the most life change happens because kids are saturated in God's love and truth for a significant period of time.

By partnering with Youth for Christ, through prayer, volunteering or giving, you help to interrupt the hurt of young people with the love of Jesus because teenagers matter.

Butler County Educational Service Center Head Start is a federally-funded preschool program for children ages 3-5. With centers located in communities throughout Butler and Preble counties, our child and family-focused Head Start Program has the overall goal of increasing the school readiness and social competence of young children.

Our Head Start Program is built upon the understanding that the development of young children is deeply influenced by their family, their community, and their early educational experiences. We are dedicated to preparing preschoolers to take on the challenges of kindergarten.

PREBLE COUNTY SUCCESS TEAM

The Success Program was created with the goal to remove non-cognitive barriers to learning (i.e. lack of food, shelter, medical care, personal hygiene etc.) so that children would be better able to achieve in their educational setting. The mission of the Success Program is to remove these barriers to promote school success, as it is recognized that education is the key to success for many children and a way for them to escape poverty. Another goal of the program is to assist parents with navigating and accessing resources, both resources to meet basic needs and resources to promote self-

sufficiency (education, employment, etc.). The core strategy of the program is placing liaisons in the school districts to help build relationships with low-income families, connecting them with community partners, and encouraging parents to become more invested in their children's education.
