July 2019

Senior Home Repair Program

Our crews have been working diligently all spring restoring our Senior's homes throughout the community. We have accomplished a variety of maintenance tasks ranging from painting structures to pulling weeds. This was a fulfilling effort shared by a variety of organizations in support of the older generation to bring their homes back to life so that they may comfortably remain in their own homes for as long as possible. We will keep working as long as we have the volunteers who are able to extend their hand and compassionate hearts to our Senior Home Repair Program.

Homeless Services

We owe much thanks and gratitude to all our volunteers who come to support our community. This month a special thanks goes out to the cheerleaders and Sindi Hoke from National Trail who committed a special day for the community. The ladies spent a day giving a fresh coat of paint to the Preble County Homeless Shelter for the United Way's Day of Action in June. It is great to see people extending their hand towards others and offering their generosity and kindness for others. Thanks again to the cheerleaders from National Trail!
