FREQUENTLY ASKED QUESTIONS

Q: How long will I have to wait to get my home repair?

A: An emergency home repair will always be given priority. An emergency may be a current plumbing leak, a roof leak, no heat, no hot water, or no A/C in hot summer months. Depending on severity, an emergency home repair is addressed within 24 hours to 3 days if possible. General home repairs range anywhere from 2 weeks to 6 months, depending on funds, weather (if it is an outdoor project), and labor availability. Feel free to call our office if you are curious about the wait time for your home repair.

Q: Where does the Senior Home Repair Program get their money?

A: We get funds primarily from donations from your Preble County community, fellow neighbors, businesses and churches. Seniors who have been helped by the program may donate what they are able. Occasionally, we will receive limited grant funds. Staff salaries and office supplies/administrative overhead are covered by The HIT Foundation.

Q: How do you cut down on costs?

A: We try to use volunteer labor as much as possible. Churches, businesses, individuals will donate time to work on clean-ups, painting jobs, and others. However, we often have to hire licensed contractors for electrical, HVAC, roofing and other more in depth repairs which require licensed professionals. We have to pay these contractors, but many will try to donate some labor if they can.

Q: What if you can't help me?

A: Sometimes, we are confronted with projects that are beyond our budget, and beyond our ability to fix. We may refer you to another organization, such as People Working Cooperatively (PWC) out of Cincinnati, Preble County CAP if you have weatherization issues, or USDA government loans. However, it is possible, if your repairs are too extensive, we will not be able to assist you. Your home may require a roof, a furnace, electrical, new floors; if multiple systems need replaced to make the home safe, we will not be able to fund a whole home restoration. We try to serve as many seniors with the limited dollars we have. Often, if your repairs are to exceed approximately \$5000, we will not be able to assist you directly through the Senior Home Repair Program unless we have additional grant money.

Q: How many times can I get home repairs through the Senior Home Repair Program?

A: We may provide 2 emergency repairs (such as listed above) and 1 other volunteer or clean-up repair per year. Because there are many seniors in need in the Preble County community, this is our maximum allowance per residence.

Q: How can I give back to the program?

A: Many of our seniors are very grateful for the service we provide them, and will often donate funds to be used towards the next project for another senior in need. We welcome any donation you can afford – to pay it forward and help keep this worthwhile program strong in Preble County. We accept checks, money orders, and now - for the internet savvy - we accept credit card or PayPal donations through our website at www.hitfoundation.org.

If you have any other questions contact the H.I.T. Foundation at 937-472-0500.
